FUND MANAGER TRACK RECORD

The Fund Manager consists of experienced professionals. It has over ₦100billion under management and advisory.

The clients include Pension Funds, High Networth Individuals, NPOs, State Reserve Funds and Federal Government Parastatals.

The Fund Manager also manages a similar fund known as Union Homes Real Estate Investment Trust.

CONCLUSION

We have reviewed the investment policy in addition to the Fund performance. The rating is constrained by sectorial and location concentration of the underlying assets.

However, attention was paid to the track record of the Fund Manager, the earning profile of the Fund and moderate growth of the Net Assets.

Consequently, we consider the Fund an “Investment Grade”

**USER GUIDE**

DataPro’s credit rating is an opinion of an issuer's/issue's overall creditworthiness and its capacity to meet its financial commitment.

Our short-term ratings have a time horizon of less than 12 months in line with industry standards reflecting risk characteristics. The ratings place greater emphasis on the liquidity to meet financial commitment in a timely manner.

The long-term risk indicator is divided into 8 bands ranging from AAA(f) through DD(f). Each band could be modified by + or -. With + representing slightly less risk than -. Such suffixes are not added to the 'AAA' long-term rating category and to categories below 'CCC'. Or to short-term rating older than A1+.
